

PROGRAM 2022

presented by acCELLerate

Thursday, 15.09.2022

	9:30	arrival & registration	Osterfeldstraße 12-14, 22529 Hamburg	
	10:15-10:30	Oliver Wehmeier acCELLerate	Welcome and Introduction	
ADME & SAFETY PHARMACOLOGY	10:30-11:00	Evgenia Gissinger F. Hoffmann-La Roche	Ready-to-use cells for in vitro cardiac safety	
	11:00-11:30	coffee break		
	11:30-12:00	Søren Friis Nanion Technologies	Application of assay ready cells in automated patch clamping	
	12:30-13:00	Yunhai Cui Boehringer Ingelheim	A cellular assay for the prediction of efflux at blood-brain barrier in vivo	
	13:00-13:45	lunch break		
	13:45-14:30	lab tour	see where acCELLerate's assay ready cells are made	
DRUG DISCOVERY	14:30-15:00	Melanie Seck Merck Healthcare	Ice Age: Adventures of HTS cell culture	
	15:00-15:30	Hartmut Mors Sanofi-Aventis Germany	Assay Ready Cells @ Sanofi Frankfurt	
	15:30-16:00	coffee break		
EDUTAINMENT	16:00-16:45	Sebastian Rakers bluu seafood	Bluu's Seafuture - fish products, made from fish cells	
	16:45-17:30	discussion	Ways to the animal free lab	
	17:30-open end	beach, bites & beer		

Friday, 16.09.2022

	8:30	arrival & coffee		
KEYNOTE	9:00-9:45	Jette Christensen Novo Nordisk	Moving towards Ready-to-Use cells as primary choice in potency assays.	
	9:45-10:15	Mariangela Meyer Christel Richter F. Hoffmann-La Roche	Implementation of ready to use cells in potency assay during clinical development	
BIOASSAY	10:15-10:45	coffee break		
	10:45-11:15	Tamar Ziehm MorphoSys	An ADCP surrogate assay for functional characterization of a therapeutic antibody	
	11:15-11:45	Christine Graf Sanofi-Aventis Germany	Harder, Better, Faster, Stronger: How assay-ready cells improve your GMP bioassay lab	
	11:45-12:15	Bonny Gaby Lui BioNTech SE	pVNT assay - a powerful tool to assess neutralizing antibody responses	
	12:15-13:00	wrap up and lunch
